We are pleased to be organising the sixth 361 Energy Fair at the renovated Barnstaple Pannier Market. This year’s Fair will take place on Sunday 29th September 2024. Our last events had 1,200 – 2,000 visitors and we expect to continue to grow the event with more exhibitors and visitors. After the energy crisis, households are more aware of the need to be energy efficient and independent. We are looking for exhibitors of renewable and energy saving technologies, electric vehicles, energy advice, environmental and community groups, local food as well as arts and crafts. The number of electric cars will be limited to 2 per manufacturer and a total of 12.

If you would like to book a stand at the 361 Energy Fair or sponsor the event, please return this form to:
